ETZ Excel Test Zone

Welcome to *Excel Test Zone*

Excel Test Zone is an online testing platform that helps teachers deliver curriculum–aligned content and streamline assessments. Available for Years 1 to 9, we offer **NAPLAN*–style** and **Online Assessment Tests**.

Our platform supports classroom and at-home learning, giving students access on any device. All tests are developed by experienced educators and designed to meet Australian curriculum standards.

Lucy Smith's Test Report

Here is a detailed report on your child's progress in this test

← Year 3 Algebra Test 01

How do you compare?

Attempts	10
Best Result	91%
Average Result	75%
Lowest Result	51%
National Average Result	70%

All Attempts:

| Date	Correct Answers	Correct Answer Percentage	Finished
10/5/23	15/30		
3/4/23	20/30	50%	

NAPLAN*–style Tests

Excel Test Zone's **NAPLAN*–style Test** Packs are created by experienced educators and align with the **Australian Curriculum**. Available for **Years 3, 5, 7,** and **9**, these packs offer hundreds of unique questions modelled on the *Excel* workbooks and replicate **NAPLAN's online format**.

Online Assessment Tests

Excel Test Zone's **Online Assessment Tests** are based on the acclaimed ***"Achievement Standards"*** series and fully updated to align with the **NEW Curriculum V9.0.** Designed for **Years 1** to **6**, these tests cover all areas of maths and literacy.

Automatic marking

Reduce administrative tasks and make the best use of your valuable time.

Save time with instant results, solutions, explanations and reports.

Designed to make testing and assessment easier for teachers and more effective for students. With powerful tools like instant results, detailed solutions, in-depth explanations, and comprehensive reports, you can streamline your workload and provide targeted support to your students.

Instant Results

Every test is automatically marked, giving you immediate insights into student performance without the hassle of manual grading.
Solutions & Explanations

Revise test attempts instantly with worked solutions and detailed explanations, helping students understand where they went wrong and how to improve.

A word is missing from this sentence.

The girls from the camp used the ▬▬ **in the caravan park.**

Click the play button the hear the full sentence.

Type the correct spelling of the missing word below.

▶ ●━━━━━━━━━━━━━━━━━━ 0:00/0:11

| barth ❌ |

The correct answer is: bath

Bath is a common word. It is not spelled quite as it sounds. Think of having a bath on a path!

Reports

View and download reports for individual students or the whole class, making it easy to track progress and identify areas for improvement.

Take control of your lesson plan with test allocation, tracked participation, test previews and ACARA code search.

Easily manage your assessments with tools that let you allocate tests, track student participation, preview content, and search by ACARA codes, ensuring your lessons stay aligned with curriculum standards.

Track Participation

Monitor which students have completed their tests, helping you stay on top of class engagement and progress.

Assign Tests

Easily allocate specific tests to individual students or entire classes, giving you full control over assessment planning.
